

ADULT GROUP VISIT FEES

Adult group visits include community, educational, faith-based, professional, tourist, and other groups of people connected by common interests and activities.

Group visit fees are based on the number of naturalists (determined by the group size) and the length of the visit. Naturalist fees are \$34 per hour per naturalist. The pricing grids below demonstrate costs for different group sizes and visit lengths. Low participant-to-instructor ratios mean greater participation and learning opportunities.

60 participants maximum. We require a 1:15 ratio of Arboretum instructor to participants.
